CHICAGO STRIKE IS WON BY EMPLOYERS

After Long Struggle the Teamsters Give Up Fight.

RUSH TO GET THEIR PLACES

The Employers Announce that They Cannot Take Back All of Them. Some Few Drivers Still Hold Out Against Settlement.

Chicago, July 22.—Teamster strikers, who last night gave up their long struggle against the employers, broke ranks today in a stampede for work. The barns of the strike affected firms were besieged by men who hame been idle for months and whose places have been filled by nonunion men. The employers in many cases announced that there were vacancies for only a few of the 4,000 men that quiet work not more than 1,400 or 1,500 will be reinstated during the next few days. The coal teamsters and truck drivers did not join in the rush for re-employment today.

The order of the teamsters' joint council which authorized the surrender was for all men on stock to ask for re-instatement this morning. Both the truck drivers and the coal teamsters balked at this and planned to hold meetings tonight and "fight it out till they can go back to work like union men." However, the boycott against business houses has been lifted officially by the action of the council and it is expected there will be no more sympathetic strikes of teamsters.

Nearly every one of the strikers at the department stores filed application for reinstatement. In many cases the men were put towork immediately. At one store a number of men who obeyed the order to strike stood in line today and signed applications forfeiting their right to wear buttons of their union exposed. The express companies which fought their battle virtually alone and apart from the others are not to take back any of their former employes.

Police protection will not be withdrawn for a few days, at least, as clashes between nonunion men and unionists are feared when the latter return to work.

READY FOR PEACE ENVOYS.

All Arrangements Made to Entertain the Japs and Russians.

New York, July 22.—Arrangements for the accommodation of the Russian and Japanese peace envoys during their stay in New York city have been completed. Twenty of the choicest rooms in one Fifth avenue hotel have been engaged for Baron Komura and his suite. The Russian envoys will be cared for at another hostelry near by on the avenue.

No definite plans for any form of entertainment in honor of the Japanese envoy who has just started east from Seattle, will be made until the party arrives and Baron Komura is consulted. With the exception of some small entertainments being planned by a few of Baron Komura's most intimate friends among them Baron Kaneko, who was a classmate of his at Harvard, it is not thought likely that the party will accept any social invitations until after the conclusion of the peace conference at Portsmouth.

Official Sails for Panama.

New York, July 22.—E. A. Drake, secretary and treasurer of the Panama Railroad company, has been appointed assistant to President Shonts who sailed yesterday for Panama. Mr. Drake will exercise all the functions of president of the Panama company during the absence of Mr. Shonts.

First Bale at Savannah.

Savannah, Ga., July 22.—The first bale of new cotton for this season was sold at auction today at the cotton exchange. It classed full middling and was bought by a local agent for a Liverpool firm for 40 cents a pound.

GOVERNMENT IS DEFEATED.

All England in Excitement Over Irish Land Commission.

London, July 22.—The house of commons sat barely half an hour today and then adjourned until Monday to await the government's decision regarding its future course of action in view of the defeat of the ministry last night on John Redmond's motion to reduce the vote for the Irish land commission.

The house was packed in every part. Much excitement was visible on all sides and there was a disposition to view the defeat of the government as more serious than it was generally regarded in the early hours this morning.

Immediately after the house had assembled, Sir Henry Campbell-Bannerman, the Liberal leader, moved its adjournment, declaring that it would be unseemly under the circumstances to proceed with business while the government was considering its position. Premier Balfour, however, declined to adjourn the house until the bill dealing with the differences of the Scottish United Free church and the free church had passed. This was quickly accomplished, the house rose and the excited members swarmed into the lobbies eagerly discussing the probable decision of the cabinet which has been summoned to meet this afternoon.

ROOT VISITS THE PRESIDENT.

Chief Executive and Secretary of State Confer About Matters.

Oyster Bay, L. I., July 2[illegible].—The Identical note from the Chinese foreign office to the powers neutral in the pending far eastern conflict has been received by President Roosevelt. This note will be taken up and considered by the president and Secretary Root at their conference today. The attitude of the United States government will assume toward China's protection, cannot be now predicted. That the president and Secretary Root are considering the question now is beyond doubt. It was intimated today that the matter is of such delicacy that public discussion of it in an offhand way just now is undesirable.

Secretary Root after taking up in a formal way the threads of the state department work in Washington came here today to consider with the president some of the questions now pending. He will pass the day and night at Sagamore Hill and perhaps a part of tomorrow. He arrived here in time to take luncheon with the president. Dr. Lyman Abbott, of New York, came on the same train. He also was a guest of the president and Mrs Roosevelt at luncheon.

Prices of Iron Not Changed.

New York, July 22.—Statements made in the trade circles are to the effect, says The Journal of Commerce, that the Eastern Bar Iron association has dissolved. This was the result of the manufacturers at their meeting on Wednesday, when they decided to make no change in prices, met as individuals and not as members of the Eastern Bar Iron association. There is still, however, a gentlemen's agreement in regard to production and prices. Under the pool arrangement it is understood that the manufacturers were under penalty for violation of agreement, but in consequence of the dissolution this does not hold at the present time.

Lost Life While Bathing.

Sylvania, Ga., July 22.—Reid Morel, the 10-year-old son of Hon. J. J. Morel, mayor of Sylvania, was drowned in a creek near here. With two other boys his own size, he was in bathing. He got beyond his depth and was drowned. The other boys became frightened, and ran away and could not tell about it for several hours. The body was recovered late in the night.

Girl Shot by Lover.

Jackson, Miss., July 22.—Near Callman, in Copiah county, Charlie Massie, who had a falling out with his sweetheart, Miss Brown, pulled a pistol and shot the girl in the head and inflicted a wound from which the young

ONE MAN KILLED; FOUR PEOPLE HURT

Is the Awful Result Of An Automobile Accident.

MACHINE COLLIDED WITH BUGGY

Was Traveling Forty Miles an Hour When Accident Occurred—Owner Was Most Reckless Auto Drivers in the Country.

Los Angeles, Cal., July 22.—M. T. Hancock, the well known millionaire plow inventor and manufacturer is dead, as the result of an automobile accident in this city late last night in which he, his son and daughter were seriously injured. He diedat the receiving hospital without recovering consciouness.

The party, in a large machine, were traveling 40 miles an hour on South Main street, near Forty-eighth street, where the machine collided with a buggy. The car swerved to the curbstone and crashed into a telephone pole, demolishing it and hurling the occupants to the street.

Following are the injured:

Mrs. M. T. Hancock, cut and seriously bruised.

Eugenia Hancock, left arm broken, concussion of the brain.

M. T. Hancock, Jr., severely cut and bruised.

J. Saul, dairyman, scalp wound and internal injuries.

Saul was the driver of the buggy into which the automobile dashed. He was thrown from his vehicle to the street and severly hurt. M. T. Hancock, 16-year-old boy, was driving the machine at the time of the accident. With him in the front seat was his younger brother, Newton Hancock, who was the only member of the party to escape unhurt. In the rear seat was Hancock, his wife and daughter. All were hurled to the pavement by the terrific impact of the machine. They were promply removed to the receiving hospital. The machine was wrecked. Hancock was known here as one of the most reckless automobile drivers in the city. He had been in the police court on different occasions for driving his machine in excess of the speed limit and on one occasion a few months ago, was fined $150 for fast driving. He paid his fine at the time with a check which he insisted should bear the inscription across its face:

"For driving an automobile 60 miles an hour in th ecity of Los Angeles."

Strikers Charged with Rioting.

New York, July 22.—Fifty striking members of the United Garment Workers of America have been held in the Tombs prison on charges of rioting. The prisoners recently quit their jobs in a Lipsenard street cloak factory. Yesterday they made a desperate attack on a factory where they declared work was being done for their old employers. Cloaks sent to the latter were destroyed. The police reserves hurried to the scene and after a sharp encounter put the strikers to rout, capturing 25. The prisoners declare they caused no damage, but merely visited the factory to induce the workmen there to strike in sympathy.

Crusade Against Cigarettes.

New York, July 22.—A campaign has been inaugurated by Commissioner Wathern against the use of cigarettes on Ellis Island. Their sale has been forbidden and the commissioner has caused it to be known among the employers that cigarette smokers are not wanted. Men on the island say that the male immigrants are nearly all addicted to the habit.

Well Known Poet Dead.

Cedar Falls, Iowa, July 22.—Peter Hansen, aged 80, died suddenly here last night of old age and a complication of diseases. He was a great lover of poetry and wrote many meritorious poems to the various kings of Denmark and Prus at one time considered very favorably for poet laureate of

MINISTER ALLEN COMES HOME.

He Voluntarily Retires as Envoy to Korea—Talks of Conditions.

Seattle, Wash., July 22.—Dr. Horace Newton Allen, retiring envoy extraordinary and minister plenipotentiary from the United States to Korea was a passenger on the steamship Minnesota on his way to Washington to surrender his portfolio. Dr. Allen has been minister eight years and in the consular and diplomatic service for fifteen years. He has resided in Korea twenty-one years. He stated that he retires voluntarily, his term of office having expired. Discussing the influence of war on Korea, he said:

The trade of the country has not suffered. As a matter of fact, trade in the aggregate has increased. The first battle was fought at a point 25 miles from the city, in the harbor of Chemulpo and three Russian warships were sunk. After that nothing unusual occurred in Seoul save the marching of troops through the city to the north. The city was always full of Japanese soldiers, but they were under splendid discipline and perfect order was maintained.

Hatpin Causes Man's Death.

Detroit, Mich., July 22.—Fred Montgomery, a waiter of Sandwich, Ont., who was taken to St. Mary hospital, July 6, with a wound in his breast made by a hatpin, died Thursday. At the post mortem six inches of the pin was found imbeded in his breast, part of it actually in the man's heart. The piece of pin had begun to rust, and the physicians marvel that Montgomery lived so long. When taken to the hospital from a lodging house, Montgomery said he received the wound by accident, claiming that a woman with whom he had been in a cafe had slipped and lurched against him as she was planning on her hat, causing the wound.

Secretary Loomis in London.

London, July 22.—Assistant Secretary of State Loomis on his return to London after a trip to the continent has heard nothing of the alleged probability of his appointment to represent the United States at the international conference of Morocco. Mr. Loomis expected to remain here a week longer and will then go to the continent and pursue his investigation of the administrative affairs of the various legations. He was a guest of Ambassador and Mrs. Reid at a luncheon party at the Dorchester house this afternoon.

Bank Officials Keep Quiet.

Kansas City, July 22.—A statement of the affairs of the City National Bank of Kansas City, which closed its doors yesterday was still unobtainable today, either from Receiver Ames, the bank officials or their attorneys. The condition at the other banks, apparently, were normal and there was no appearance of a run on any of them. Only a fe wpersons stood about the doors of the failed bank.

H. Clay Evans, Jr., Dead.

Chattanooga, Tenn., July 22.—Captain H. Clay Evans, Jr., retired, died this morning at his summer home on Walden's ridge, aged 32 years. Captain Evans, who had served in the Philippines, was retired some time ago on account of poor health. He was the only son of H. Clay Evans, expension commissioner and ex-consul general at London.

Four Train Loads of Peaches.

Augusta, Ga., July 22.—One hundred refrigerator cars of the Armour line passed through the city loaded with Georgia peaches for the markets of the [illegible] west and west. It was the largest shipment of this fruit ever carried out of Georgia and made over four trainloads for the roads. They went on through going via Atlanta and Macon.

Wrisky Dispute Causes Death.

Woodbury, Ga., July 22.—Frank Jones shot and fatally wounded Bowman Brown in the Cove, 3 miles from this place. Mr. Brown has since died and young Jones has not been caught. It is said that the shooting occurred from the refusal of Brown to take a drink of whisky with Jones.

GAINESVILLE WILL HAVE TWO SCHOOLS

Citizens Have Subscribed Money to Increase Efficiency Here.

THE TRUSTEES ARE EARNEST.

They Are Desirous That Every Child of School Age Shall Take Advantage of the Opportunity to Secure Their Education.

At its meeting on Tuesday the Board of Public Instruction disposed of a number of matters of importance and of interest to the people, among which was a resolution providing that Gainesville Sub-School District will be provided with two schools during the coming term and in future until otherwise ordered.

This question was brought up and disposed of for two reasons. The first was that the passage of the Buckman bill had deprived the people of East Florida Seminary privileges. For the past few years the Seminary has been taking care of what really belonged to the public high school, hence the higher branches of the public school were unnecessary. The second reason is also a good and plausible one, as it means nothing more than a preparatory school in the higher branches for the University of Florida, which will be established here.

One of the schools will be taught in the public school building while the building for the other will be supplied by the city of Gainesville. The citizens at a recent public meeting, raised by subscription $1,500, with an assurance of more if necessary, for the maintenance of the extra or higher school, with the result that it will cost the district comparatively nothing. Both schools will be absolutely free, and it is the desire of the trustees that every child of proper age attend school in future.

While nothing definite has been decided upon, it is believed that all branches from the primary department to the grammar school will be taught in the county public school building, while the high school branches will be taken to the academic hall of East Florida Seminary. This will be decided upon later, however.

Superintendent J. L. Kelley stated Thursday that at this meeting a great many schools were supplied, but that the list would not be published until all appointments had been made and accepted. He stated, also, that the class of teachers to be employed in the county the coming term are the most efficient and worthy, and that the patrons of the various schools may feel assured of a good and efficient service.

After canvassing the returns from the various districts from the election which was held on the 13th inst., the meeting adjourned.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars' outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.

Marriage at Hague.

M. G. Bryan, Jr., a promising young man of Hague, and Miss Herdie, the accomplished daughter of Mr. and Mrs. W. C. Hague, were married at the home of the bride's parents Thursday afternoon at 4 o'clock, Rev. Mr. Mason officiating. The wedding was a quiet one, only relatives and a few intimate friends being present. To the happy young couple The Sun, with other friends, extends greetings, with the wish that, in the language of Rip Van Winkle, "they may live long and prosper."

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at all drug stores; price 50c.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

DEAR OLD GAINESVILLE.

Proud of Her People and the Effects of The Sun.

Editor Sun: I cannot restrain the emotion I feel over the victory gained for Gainesville through The Sun and its many friends. Three cheers for The Sun and its host of constituents.

What should have been done long ago has been accomplished. The Sun is quick to see what should be done for the best interests of the largest number of people, and is persistent in the work of bringing its objective points to a pleasant culmination to the satisfaction of, not only its host of readers, but the public at large. No better proof of this assertion could be asked than the campaign for the State University, just closed.

While numbers of citizens, including the Hon. W. R. Thomas, worked faithfully for the cause, are they not all good friends of The Sun?

The Sun, indeed, is a paper which the people of Gainesville have just cause to boast and feel proud of, and the good, true and loyal citizens of Gainesville are a people whom The Sun has just cause to boast and feel proud of.

The writer, since his residence in Gainesville, has traveled far and wide, has been thrown into the companionship of many different classes of people, seen many bustling, growing cities, yet he finds that his heart-beats quicken with emotional pride over a victory gained for the good people of dear old Gainesville. "Monk."

The Diamond Cure.

The latest news from Paris is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee of Vanleer, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure for throat and lung troubles. At all drug stores; price 50c and $1, guaranteed. Trial bottle free.

Change of Schedule.

Attention is again called to the change of schedule over the Atlantic Coast Line, which went into effect on the 19th inst.

The train for Jacksonville now leaves at 1:50 p. m. instead of 2 o'clock, and for High Springs the hour of departure has been changed from 6 p. m. to 3:10 p. m. The train for Micanopy and Citra leaves at 3:25 p. m.

The public will be governed accordingly.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in ever, form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

CORONER'S JURY FAILED TO AGREE

Complicated Climax Has Been Reached in Barron Murder Case.

EVIDENCE IS CIRCUMSTANTIAL

While It Is Generally Conceded That John P. Hester Killed Watt Barron and Wounded His Father, No One Will Swear They Saw Him Shoot.

From Saturday's Daily Sun

The Evinston tragedy of Wednesday, in which Watt Barron was instantly killed and his father, J. F. Barron, severely wounded supposedly by John P. Hester, has assumed rather complicated proportions, owing to the fact that the coroner's jury which sat upon the case failed to agree after a session lasting two days.

The question which rested with the jury was at the hands of whom young Barron met his death. While it is generally and publicly conceded that Hester fired the shots which killed young Barron and wounded his father, it is a fact that no one has yet been found who would testify that they saw Hester fire said shots. The shots were from a window in the rear of the store occupied by the suspected man, but no one could swear who fired them, hence it was impossible for the jury to render a verdict, according to the argument of some jurors.

While the evidence against Hester is strong, it is purely circumstantial, being based upon the point from which the shots were fired, the action of Hester just after the tragedy, and his subsequent escape on horseback. But even with all this the jury was not willing to render a verdict "that Watt Barron came to his death from a gunshot wound at the hands of one John P. Hester."

The jury in this case were C. J. Grace, foreman; J. H. Prater, John Shuford, A. E. Miller, Messrs. Cameron and Parker.

The jury concluded its work Thursday evening.

The Boss Worm Medicine.

H. P. Kumpe, druggist, Leighton, Ala., writes: "One of my customers had a child which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson.

NEGRO WAS RESPITED.

David Mitchell, Sentenced to be Hung, Had Sentence Suspended.

David Mitchell, alias Black Kid, a negro who has been convicted of murder in Bradford county, for whom the death warrant had been issued and who was to have been hanged at Starke Friday, was respited at the last moment by a telegram from Gov. Broward instructing the sheriff to postpone the execution.

There was in Starke a large crowd, people having come for many miles to witness the execution and the message seemed to come as a disappointment to many of them.

The telegram from Gov. Broward did not specify for how long the reprieve would be valid and the sheriff of Bradford county expects a letter with full instructions.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c and $1. Sold by W. M. Johnson.

EW FACTS IN BARRON MURDER

ts Were Fired From Window in Rear of Hester's Store.

STMASTER BARRON REPOSING

s Laying on Counter Reading Newspaper When First Shot Was Fired, and Seven Shots Took Effect—Young Barron Killed Instantly.

om Friday's Daily Sun.

A few new developments in the case of the murder of Watt Barron and the wounding of his father, Postmaster J. Barron, by John P. Hester, at Evinston, Wednesday afternoon, reached the city Thursday. These developments, however, do not alter the facts in the case.

Parties arriving from the Evinston section Thursday state that Postmaster Barron was first assaulted while lying down on a counter reading a newspaper. Hester emptied the contents of three shells loaded with buckshot, and two chambers of a pistol at Mr. Barron, and seven buckshot took effect. Mr. Barron rolled off the counter after the first shot, which accounts probably for the fact that he is alive to tell the tale.

Young Watt Barron did not leave the room which he was loading with watermelons, as was at first reported. Hearing the shots, he is reported merely to have advanced to the door, when the contents of the last shell of the second load in the shotgun struck him in the face, causing instant death.

It is said that the person firing the shots did not enter the postoffice. The shots were fired from a window in Mr. Hester's store, directly across the railroad track and a few yards from Barron store and postoffice, and within full and open view. From the position he occupied on the counter Mr. Barron made an excellent target, as his position was unobstructed, affording a good marksman a fine opportunity for his work.

Mr. Hester mounted a horse directly after the shooting and made his escape. He has not yet been captured.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by all druggists.

WILL BUILD HOTEL.

Carter & Watts Sold Valuable Property to Mrs. Witherspoon.

Another valuable real estate transfer has been made, N. R. Carter and H. F. Watts having sold to Mrs. S. M. Witherspoon a half-block on South University street, immediately south of the Plaza hotel lot.

Mrs. Witherspoon has conducted the Osborn House, W. Arlington street, with great success for the past few years, and this hostelry under her management has become so popular as a boarding house that more room was needed, which led to this purchase. It is understood that she proposes to erect upon the newly acquired property a neat and roomy hotel, with perhaps thirty rooms. Work will probably begin as soon as the material can be secured.

The new hotel will be a moderate-priced one, and will no doubt be appreciated by the public, as Mrs. Witherspoon is said to be an excellent manager.

Mr. Carter says that he also proposes to erect a neat and substantial dwelling on the east half of the block. He has not yet decided as to the number of rooms, but the building will more than likely contain ample accommodations for the average-sized family. When the building will begin soon.

THE UNIVERSITY NORMAL.

Second Week Opened With Flattering Success—New Students.

The University Normal and Training School entered upon its second week's work with quite a large increase of students. The classes have been organized in all the departments so as to give teachers and students desiring to enter upon university work this fall an opportunity to review the studies they are most deficient in. This fact is becoming patent throughout the State, as the attendance for the past few days represents eleven different counties. The number of counties represented since the opening are as follows: Alachua, Levy, Bradford, Dade, Duval, Columbia, Hamilton, Jackson, Marion, Brevard, Pasco, Leon, Santa Rosa, Putnam, Volusia.

Mrs. Ella LaF. Hamilton, who is now reviewing primary work in one of the best institutions in the country, will assume charge of the Primary Department work in the Normal, Monday. This will be a golden opportunity to teachers who desire to make this work a specialty. Already a number of inquiries have been received relative to this department.

Judging from the grade of the teachers who have enrolled in the Normal it is safe to say that in a few years this school will be classed among the leading summer university normals of the South. The teachers in charge of the several departments are specialists in their respective branches.

Among the recent arrivals we note the following:

Misses Donia Ford, Melrose; Miss Horiense Broward, Jacksonville; Miss Annie Jenkins, Clyatt; Miss Edna Johns, White Springs; Miss Jettie Futch, Haynesworth; Miss Nora A. Knoblock, Martin; Miss Stella Mims, Bonaventure; Miss Fannie Mizelle, Melrose; Miss Lillian Norton, West Palm Beach; Miss Ruby Parnell, Lake City; Miss Dollie Semmes, Dade City; Miss Rossie Sauls, Tallahassee; Miss Christopher, Jacksonville; Mr. Jas. Fellows, Cottondale; Mr. Jas. E. Osteen, Willeford.

Indigestion,

With its companions, heartburn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

N. SLAUGHTER WAS REARRESTED

Father of Lou Sessions Was Not Satisfied With Verdict.

SLAUGHTER IS NOW IN JAIL

Was Arrested at Home of His Father, Newnansville, Wednesday Night, and Brought to This City—Preliminary Hearing Saturday.

From Friday's Daily Sun.

Not being satisfied with the verdict of the coroner's jury in the case of the State vs. N. Slaughter, suspicioned of the murder of Lou Sessions at Newnansville some time during Saturday night, P. Sessions, father of the murdered man, came to this city Wednesday and caused to be issued a warrant for the rearrest of young Slaughter.

The warrant was given into the custody of Deputy Sheriff J. H. Granger, who proceeded to Newnansville and returned Thursday morning with the prisoner. Slaughter was placed in the Alachua county jail and will be given a preliminary hearing Saturday. Attorney J. M. Rivers will defend him.

Officer Granger states that Mr. Slaughter gave no resistance, agreeing readily to accompany him to Gainesville. He feels confident that he will be exonerated before Judge Mason at the preliminary hearing.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

A NEW ENTERPRISE.

Roux Bros. Will Open Large Plumbing and Supply Store Here.

Gainesville is to have a first-class plumbing and plumbing supply establishment. The new firm will be composed of F. A., L. T. and O. F. Roux, and will be known as Roux Bros. It may be possible that the firm will also carry hardware, but this has not yet been definitely settled.

The stores in the Edwards block, rear of J. W. McCollum & Co., East Main street S., have been leased for a number of years and extensive improvements and alterations are contemplated. There are three stores, which will be transformed into one large room, and the place throughout will be made convenient and attractive. Work will begin in a few days and the firm expects to begin business as soon as the building is ready to receive them. They will carry a full and complete, as well as an up-to-date line, and inasmuch as the city will have sewerage within another year, the firm contemplates a big business.

Baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1. Sold by W. M. Johnson.

Another Real Estate Deal.

There was another important real estate deal in this city when J. J. Mixon sold to Mrs. Wm. Sutherland of High Springs the house and lot at the corner of West Court and North Pleasant streets, occupied by S. H. Dempsey.

The house contains eight rooms and is one of the most comfortable in the city. Notwithstanding this, Mrs. Sutherland expects to remodel and probably enlarge the place, as she realizes that desirable houses are scarce at this time in Gainesville.

Friends of Mrs. Sutherland are congratulating her upon the purchase.

ALACHUA COUNTY AND STATE FAIR

People Should Take Advantage to Show What Alachua Is Worth.

RESOURCES ARE DIVERSIFIED

They Comprise Everything from Raising of Commonest Crops to the Most Difficult in Manufacturing, and the World Should Know It.

Jesse E. Burtz, recently appointed vice-president for Alachua county for the Florida Mid-Winter State Fair which will be held at Tampa from November 15 to 30 of the present year, is receiving encouragement from the more progressive class in every section of the county. Mr. Burtz has received several letters of congratulation, with the assurance that the writers would do everything possible to assist him in securing a creditable exhibit at the State Fair, which will be the largest undertaking of its kind ever attempted in the South.

It is the duty of the people of Alachua county to make a fine display at the State Fair. Being held at the season which has been scheduled, thousands of Northern homeseekers will be there and will be governed largely by what they see on display in the various exhibits. Alachua county is one of the richest in the State in agriculture, horticulture, truck growing, manufacturing and industry, and there is no reason why a first-class display of our products should not prove a drawing card in the matter of bringing this county into prominence and inducing settlers to come here.

There is no doubt but Alachua county is one of the most diversified not only in Florida but in the South, when it comes to industries. The farmer here is happy, because the conditions are such that he can raise a good crop of everything he requires for the support of his family. The manufacturer, especially of wooden articles, is content because the forests abound in almost every wood imaginable, which can be secured at a nominal price. The horticulturist is satisfied, because not only the tropical, but the semi-tropical fruits, can be grown to advantage and shipped to the Northern markets, where in many cases they bring fabulous prices. Taking it all in all, Alachua county is one of the richest in the State of Florida, and if the people do not demonstrate this fact before the world at the State Fair, no one will be to blame but themselves.

There has been appropriated by the State Legislature $15,000 for premiums at this fair. There will be a premium of $2,000 for the best general county exhibit, and there is no reason why Alachua county should not win this prize, since her interests are so diversified. An effort will be made to induce the county commissioners at their next meeting to appropriate a sufficient sum to pay for the collecting of the Alachua county exhibits. A number of fair commissioners, comprising two or three leading citizens of the various sections of the county, may also be appointed to look after the matter, and it is hoped that Alachua county will have a fine display—not for the benefit particularly of the State Fair, but for her own good and the good of her people.

Mr. Burtz would be glad to hear from any person who will be willing to assist him in the matter of either furnishing or securing exhibits of whatever nature.

An Enjoyable Pillau.

An enjoyable pillau was held at the home of Mrs. O. B. Bailey, North Gainesville, Friday evening, the guests being the young people of this city who took a drive, and were bent on having a good time. Mrs. Bailey was equal to the occasion, however, and furnished the young folks a full evening's enjoyment. All were well satisfied when they left and will be willing to make an "informal call" on her again.

A Mid-Summer Picnic.

There was a mid-summer picnic at the Devil's Millhopper Saturday, a number of young folks having decided to spend the day at this favorite resort. About a dozen couples left the city at an early hour and the young ladies had their lunch baskets well filled. The result was a good dinner and a fine day of recreation. Mrs. W. P. Coffey chaperoned the crowd.

MANY NEW COUNTIES WANTED.

Committee Now Hearing the Schemes. Will Vote on Anti-Pass Bill.

Atlanta, July 22—Two proposed new county schemes were given a hearing Thursday afternoon before the house and senate committees on new counties.

The first of these was the proposed new county of "Dixie." It is proposed to create Dixie county from parts of Burke, Bulloch, Emanuel and Screven, with Mullen, which will be about in the center, as the county site.

The new county of Dixie, it is stated, will have about 500 square miles and a population of about 18,500.

Anti-Free Pass Bill.

It is safe to predict that a final vote will be reached in the house Friday on the anti-free pass bill by Mr. Hall, of Bibb.

Mr. Anderson, of Chatham, admitted Thursday towards the close of the debate, that the opposition had pursued filibustering tactics to a certain extent, but said this would no longer be done, and that his side was willing for the measure to come to a vote.

The leaders of the two sides, Mr. Hall and Mr. Anderson, will reach an agreement before the house meets Friday morning as to a time limit on the debate, and as soon as the talk is ended a vote on the bill and amendments will be taken. Mr. Hall says twenty minutes is all the time he wants. Mr. Anderson wants a little more than that, but will not take up time unnecessarily.

In the Senate.

An important measure by Senator Hogan providing for a veterinary surgeon in the department of agriculture, whose services shall be at the call of the farmers or live stock raisers of the state when any live stock is threatened by diseaser, passed the senate Thursday after some discussion.

When the bill was read for the third time and put upon its passage Senator Candler, while he favored the measure, stated that he believed it was necessary that it be amended so that it would not appear that the senate was initiating legislation providing for an appropriation.

LOOKING FOR A MISTRIAL.

Lawyers Have Argued in the Famous Rawlings Case.

Valdosta, Ga., July 22.—Argument was continued this morning in the Milton Rawlings murder trial by Attorney Cooper, for the defense. The solicitor general will follow him.

There are many who look for a mistrial in the case.

Colonel Oscar M. Smith has concluded the first speech for the defense in which he handled the state's witnesses without gloves, ridiculing the idea that a parent who was mean enough to send his boys to commit a crime like the killing of the Carter children would employ a negro to aid them. Mr. Cooper followed him.

Both of the leading counsel requested the court not to push the argument into night as both were exhausted and the adjournment was taken.

Passenger Traffic Is Heavy.

Portland, Ore., July 22.—Advices received at the office of A. D. Charlton, assistant general passenger agent of the Northern Pacific show there are over 10,000 persons daily traveling on trains of that road to the transfer between St. Petersburg and Portland. The company has also been delivering travelers at the Yellow Stone park at the rate of 1,200 a day.

The situation in Chicago has been quite serious for the past few days. To remain there a person would be liable to prostration from heat, and to take the 18-hour limited for New York was almost sure death.

The heat in the North has set the people up there to thinking. In New York it has been lurid and in the summer resorts the only place for safety from sunstroke is in the water, in the shade of an oak tree. The highest temperature on Tuesday was 96 in the shade.

The average newspaper charges 10 cents a line for space in its columns, so that an inch space amounts to one dollar. Each day, or each week, the local paper gives from ten to thirty inches of space to promoting the welfare of its own city. Does any other business man give that much of his time each week to help his city?

The truckers and fruit growers of Florida will never attain the success their efforts deserve until the problem of shipping by rail is solved. The crops are abundant, but the trouble is that in many localities it costs all it is worth to get the stuff to market and then take the chances of getting through on time and having the refrigerator cars in proper condition.

"Are the colored races doomed?" is the question by Max Nardau. What color? yellow, black or red? The yellow folks seem to be getting along very nicely with the Czar's forces, and appear to be a long way from their doom. The Reds are now in fifth place, are playing good ball and shut out the Senators the other day. A few of them have signed for tobacco stores. The Senators—we will let some of our Northern friends speak for them. But guess they're not doomed.

THE TAMPA FAIR.

While many papers object to being filled up with machine-made puffs for the Mid-Winter Fair at Tampa, or any other place, free of charge, local pride in our State makes every enterprising publisher speak well of the exhibition. There is not a paper in the State but what is doing its best to promote every legitimate method toward advancement. We want to see the fair a success and credit to the State. It will help every section of Florida and every county should have an exhibit.

The main exhibit building will be the largest ever seen at a Southern State fair. It will be 910 feet in length and 85 feet wide. There will be in all 72 exhibit spaces, 37x40 feet, which space will accommodate any county exhibit, and many will be divided for smaller exhibits. The center aisle will be 21 feet wide, with 19 cross aisles 10 feet wide, all of which will have outer entrances. The building will be 20 feet high at the eaves and forty feet high in the middle. A gallery 300 feet in length will be erected in the middle and furnished with easy chairs and lounges for visitors to rest upon, especially ladies and children.

There will be room for all to display their products and every industry in the State should be represented. The manufacturers of the State should also be there and thus show what we have in Florida and what we can do here.

The object of the fair is to show to the people who attend the exhibition the capabilities of our State. The men who engage in this laudable undertaking with their time and money expect to come out gainers, and if the show is a success in point of attendance, will surely do so.

Tampa will entertain many people during the time. The hotels, boarding houses and nearly every place of business will have an increased trade, hence the fair must be a winner financially or no one would undertake to continue it a second year.

EMERGENCY BANK RESERVES.

There have been several indications during the past five or six years that some of the New York banks possess more cash than they usually report in their official statements or in their weekly statements to the clearing house, says The Wall Street Journal. One of the big banks, after a trusted employe had been detected in a theft of nearly a million dollars, announced that it kept a special fund as insurance against such dishonesty and the loss did not appear in either the clearing house or the official statements. A few years later the same bank increased the capital from $500,000 to $10,000,000 without calling upon its stockholders to pay in any money. A dividend of $9,500,000 was declared and the stockholders bought the stock with the dividend.

This was an exceptional case and the profits out of which the enormous dividend was paid came from stock investments and not from ordinary banking business. The example of this bank has been more generally followed than is known to the public, not so much in investment in securities as in setting aside out of earnings a fund for insurance against loss through bad debts and the action of dishonest employes. It is also claimed by some financiers that during the long period of low interest rates very few banks have made large earnings except by dealing in securities.

The National and State banking laws require all bank examiners to satisfy themselves that the capital and required surplus of a bank are not impaired and that available assets are equal to all liabilities. Stockholders are entitled to know how much of net earnings is passed to surplus account, how much is distributed in dividends and how much is retained in a special fund for insurance against losses, which fund does not appear in the published statements of the banks. It seems probable that the large stockholders do know but keep their knowledge to themselves.

There may be occasions when advantage would accrue to a bank possessing a large safety fund to let a portion of it appear in the weekly clearing house bank statements temporarily and to have it vanish after the purpose of its appearance had been served.

THE BETTER PLACE.

Under the heading "Gainesville Gets the University," The Florida Christian Advocate, the organ of the Methodist Church of this State, says:

"The Advocate has studiously refrained from any expression of preference on the question of locating the University; nor have we given voice to any individual sentiment on the subject, prefering to remain absolutely neutral, since it is our wish that the paper should serve the whole church and not prejudice its claims to public favor by the espousal of any cause wherein community, factional or partisan feeling is engendered. Now that the board has made its selection, however, we feel safe in saying that while the loss for the school will be a temporarily heavy blow to Lake City, in view of all interests to be conserved and all ends to be met, we doubt not Gainesville is the better place at which to build a great State university. It is geographically nearer the center of the State and easier of access to that section of the State which is now rapidly developing in wealth and population.

"As heretofore, The Advocate has stood pledged to all of our State institutions, civic and educational. While we condole with our friends of Lake City in their loss we congratulate Gainesville in her splendid success, and pledge to the school and the Board of Control all the moral support in our power in their laudable effort in building up our educational interests."

COMMENDS HIM.

Col. L. E. Roberson of Lake City, in the last issue of The Florida Christian Advocate, pays the following compliment to Dr. J. F. McKinstry, Jr., anent his advocacy of Gainesville as the seat for the University:

I wish to say just here, that of Dr. J. F. McKinstry, who was one of Gainesville's chief spokesmen, so far as her own citizens were concerned, I have no words but of commendation, for my information is that he performed the work assigned him in a high-toned, manly and dignified manner and that he did not indulge in any criticism of anyone, but undertook to justly and fairly set forth the claims of his own people.

Had anyone claimed otherwise than as stated by Col. Roberson nobody in Gainesville would have treated it otherwise than as a pure fabrication. "Dr. Jim" has always been fair in dealing with opponents, as can be vouched for by numerous persons all over Florida with whom he has measured swords in debate. He is always listened to with marked attention, by opponents as well as friends, and the latter are glad to note that he sustained his reputation for fairness during the heated debate on the University issue.

NO MEAN THINGS.

Harry McCreary's Gainesville Sun says that four lines of "doggerel" published last week from The Star of that city does not represent the opinions of the people of that town. The Sun says "Gainesville has only the most kindly feelings for Lake City and her good people." No one here thinks "Mac" would say mean things.—Lake City Index.

The Sun endeavored to refrain from any meanness during the whole campaign, only trying to hold up our city and its advantages.

HAS NOT RETURNED.

General Sherman said: "If I owned a farm in hell and a farm in Texas, I'd sell the one in Texas and live in hell." Now comes a Texas philosopher who rejoins: "Well, I guess the General has found out his mistake by this time."—Ex.

But we haven't heard of his returning to Texas.

Down in Tampa last week one Harry Bomford, a local swell who had debauched the wife of his friend, Captain Parks, and then tried to kill the latter when Parks found him concealed in his home, was tried for assault to murder and the jury found him guilty of aggravated assault. The most aggravated assault in that transaction was committed by the jury in its successful effort to rape the blind Goddess of Justice.—Suwannee Democrat.

The hanging of the negro, David Mitchell, to take place at Starke on Friday, was postponed pending an examination as to his sanity. It was a great disappointment to many who went to see the execution, and the opinion was expressed that they might have hung him and had the investigation afterwards. But it may have been that at the present time they considered a season at Chattahoochee a worse punishment than hanging.

The Tampa Tribune is claiming a large share of the credit for Gainesville's securing the State University, and we suppose justly.—Citrus County Chronicle. The Tribune did its share and is all right.

Gainesville may thank her public spirited citizens for their untiring efforts toward securing the State University, but she owes more to the practically solid backing she got from the country newspapers all over the State. These latter showed that public sentiment was for fair division, and so were overruled and set aside the plans of politicians.—Marianna Times-Courier.

Many people who come from the North to spend the winter in Florida bring as much malaria with them as any human being can carry at one load, and then go back in the spring when it is just beginning to steam out of the ground there when they get more than they can carry and declare that they got the whole "jag" in Florida.

The less money some people have the greater their credit at some banks. An honest business man with something in sight to make good, can get a small loan, and the honest small concerns are often put out of business by the monopolies that frequently wreck the banks.

We hear some men make mean remarks about women neglecting their children, and those same men will neglect both wife and children to devote themselves to a high-bred pup.

Long years ago they used to wear rings in the nose. But civilization has to advance and now they wear the rings on their fingers and stick the fingers in the nose.

HELD FOR CIRCUIT COURT.

Young N. Slaughter Must Face Grand Jury Upon Charge of Murder.

The preliminary trial of N. Slaughter, charged with the murder of Lou Sessions at Newnansville, Saturday night of last week, was held at the court house in this city Saturday. The trial attracted a great deal of attention, all parties interested having friends who came to attend the trial, in addition to the witnesses.

After hearing the testimony in the case and the argument of Attorney J. M. Rivers for the defense and B. A. Thrasher for the State, Judge Mason, before whom the preliminary was held, required the defendant to give a bond of $1,000 for his appearance at the next term of the circuit court.

The defendant having failed to give the required bond, is yet in jail.

The evidence is purely circumstantial.

WILLIAMS WAS PARDONED.

Man Who Killed Mark Bartleson at Miami Again Given Freedom.

John Williams, who about three years ago at Miami shot and killed Mark D. Bartleson of this city, and who was subsequently arraigned, found guilty and sentenced to imprisonment for life, has been given his freedom by the State pardoning board, which granted a conditional pardon in Tallahassee Thursday.

It will be remembered that Williams' defense was insanity. Some of the leading legal talent of the State was employed by both the prosecution and defense, and the trial lasted for several days.

Williams has been serving his sentence at the phosphate mines of J. Battgenbach & Co., Holder.

Monteil Taken to Ocala.

Deputy U. S. Marshal T. Bishop of Ocala arrived in the city Saturday, having come for Manuel Monteil, the Cuban who was arrested upon instruction from Officer Bishop by Deputy Sheriff J. H. Granger Friday.

It appears that the charge against Monteil is that he has been handling cigars and tobacco without paying the required revenue license. He has been conducting a small cigar factory on South University street for several years and it is said has been peddling cigars without the revenue license.

When business in police circles is dull in Tampa, the officers put in the time among themselves. Monday afternoon the chief of police, a detective and a railroad officer got into a row and Chief Jones, who got the worst of the fight, was fined $10 in court the next day. The others were discharged.

William F. Williams, a salesman in the clothing store of John White, Pensacola, crazed with drink and the thought that he was to be discharged, shot his employer in the head, killing him instantly. He then shot a salesman in the back and then fired upon James White, manager and son of the proprietor. When arrested Williams claimed that some one in the store was trying to do him an injury. White was one of the oldest business men in the city.

The arguments were opened in the supreme court at Tallahassee Wednesday in the case of Caldwell and Larkins vs. the State of Florida. This is the famous Eppes murder case, the details of which are familiar to the people. Isham Edwards, George Caldwell and Nelson Larkins were convicted in the circuit court of Leon county of the murder of County Superintendent-elect N. W. Eppes and sentenced to be hung. A severance was granted in the trial, Edwards being tried and convicted separately. Caldwell and Larkins' case was then appealed to the supreme court.

R
RAIN SERVICE

Coast Line Will Operate Trains Through Here.

SERVICE WILL BE REALLY FINE

The inauguration of This Service Will Mean a General Change of Operation of Trains Between High Springs, Gainesville and Rochelle.

Work on the Atlantic Coast Line "Y" at Alachua, which will connect the Jacksonville and Southwestern division with the High Springs-Rochelle line, is progressing nicely under direction of Chas. W. Wells, who has the contract for grading, etc. Mr. Wells states that the grading will be completed by Tuesday of the coming week. Iron has been laid from the High Springs track to the public road near Burnett's pond, a distance of about half a mile, and only a quarter of a mile is yet to complete, the iron being on the ground for that purpose. It is calculated that by the end of next week the entire work will have been accomplished.

When this "Y" is completed, the curious are guessing just what will follow. It is a well established fact that the Atlantic Coast Line proposes to operate through trains from St. Petersburg to Jacksonville via Gainesville and Alachua, and that the service will be good, but the question arises as to how soon this will be done. There is a diversity of opinion on this matter, and inasmuch as those who possess the information are reluctant to divulge it, the public can do nothing but keep surmising as to the future.

The inauguration of this through service will lessen the distance between Jacksonville and St. Petersburg nearly forty miles, as it will save the extra distance now covered in the L shaped trip from Rochelle to Jacksonville via Palatka. The distance between Gainesville and Jacksonville via the Atlantic Coast Line will also be considerably shortened, being only a few miles further than by the Seaboard Air Line.

Naturally this new service will materially affect the schedules of trains into this city at present. It will virtually annul the train from High Springs to Rochelle, but will necessitate a schedule either between High Springs and Gainesville or High Springs and Alachua. The schedule will probably be arranged between this city and High Springs for the convenience of patrons of the road who desire to visit Gainesville for the purpose of trading or other business.

It will be necessary to place a service between Palatka and Rochelle, which will probably make a round trip daily between the two points.

Cotton Crop Very Good—Personal and Local Happenings.

Judson, July 21.—Miss Frankie Owens of Tampa and Miss Louise Carter of Gainesville are here visiting their grandmother, Mrs. M. L. Carter.

Luther Yancey and family of Hernando are here this week, visiting Mrs. Yancey's parents, Mr. and Mrs. C. C. Doke.

Gene Doke of Meredith has moved back here.

W. B. Doke went and bargained for a place near Plant City. He is contemplating moving there this fall, provided he can sell his place here.

J. N. Wood, who has been sick at his father's, Mr. Leroy Wood, with typhoid fever, is improving and we hope he will soon be back to his store and postoffice.

J. E. Raterree and J. C. Kidd are contemplating running the mill and gins here this year.

The cotton crop here is very good so far this season, but it has begun to scald in places, and the grass has injured some crops. They quit plowing too soon on account of it being too wet.

Fodder pulling is progressing now, and the bulk will get through this week.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

NEW RAILROAD AGENCY.

Atlantic Coast Line Will Establish Regular Agency at Worthington.

The good people of Worthington Springs, on the Jacksonville and Southwestern division of the Atlantic Coast Line, will soon enjoy the privileges of a regular agency, as the railroad authorities have decided to open a telegraph office and place an agent there.

Worthington is now a flag station, which is rather inconvenient. The popularity of that resort and the increased traffic to Worthington, however, necessitated better facilities.

Good for Stomach Trouble and Constipation.

"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," says C. Towns of Rat Portage, Ontario, Canada. "Being a mild physic the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by all druggists.

Farewell Social.

The young people of North Gainesville, desirous of showing their appreciation of friendship long existing, gave a farewell social in honor of Homer Brown and sister.

The evening was passed in a most enjoyable manner by the large number present, incidentally refreshments consisting of lemonade and cake being served.

Mr. Brown has purchased a valuable tract of land in the vicinity of Waccahoota, and proposes to engage in trucking. He is an industrious young man, and will no doubt enjoy fine success.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Friday's Daily Sun.

Mrs. John Holley of Arredondo was shopping in the city yesterday.

Mrs. William Lancaster of Micanopy was shopping in Gainesville yesterday.

Mrs. H. C. Roth has returned from Candler, where she has been on a visit to her parents.

A. R. Scruggs, formerly of this city but now residing in Tampa, is greeting old friends here.

G. W. Scarborough was in the city yesterday on business connected with the tax assessor's office.

G. Hartwell Kelley of Prairie Creek, manager of the Crill saw mill, was a business visitor to this city yesterday.

Miss Minnie Shaw has returned to her home in Alachua, after a pleasant visit to friends in North Gainesville.

Mrs. W. L. Hill and son, Robert, and Mrs. T. W. Shands have gone to St. Augustine, where they expect to remain for the next few weeks.

When you want a pleasant laxative that is easy to take and certain to act, use Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

Hon. R. B. Weeks of Hawthorn, chairman of the school board, has returned to his home, after a couple of days spent in this city on business connected with the board.

W. F. Berry of Stroble, one of the leading citizens of that section and a trustee of Stroble school, was in the city yesterday on business connected with the school board.

L. J. Burkhim sailed via Clyde Line Tuesday for New York, where he goes to purchase his fall line. Mrs. Burkhim is spending a few weeks in the meantime at Waynesville, N. C.

The pay car, more familiarly known among the railroad employes as the "band wagon," arrived in the city yesterday and made the A. C. L. "gang" happy. Several hundred dollars are disbursed here monthly from this car.

C. Crisman and H. M. Sherouse, two prominent citizens of Micanopy, were in the city yesterday. Mr. Sherouse is engaged in the manufacture of yellow pine lumber and shingles and vegetable and fruit crates and baskets. He enjoys a fine business.

A letter from Hon. W. H. Robertson, county treasurer, who is spending a few weeks at Rock Hill, S. C., for his health, bears the information that his condition is improving. This will be gratifying news to his numerous friends in this city and county.

J. M. Everett of Donnie, one of our substantial agriculturalists, and a resident of the West End long enough to be one of the pioneers, made The Sun a short visit yesterday. Mr. Everett is a great advocate of Florida and the State has room for many more such good citizens.

Mr. and Mrs. W. L. Poulnot desire to express their sincere appreciation and thanks for the many kindnesses shown them during the illness and death of their dear little daughter, Mary Lillian, and beg to assure these friends who were so attentive that their kindness will never be forgotten.

Friends of Mr. and Mrs. W. L. Poulnot sympathize with them in the death of their eight-months-old daughter, Mary Lillian, which occurred at one o'clock Thursday morning, after an illness of about three weeks. The funeral was held Thursday afternoon, Rev. T. J. Pixley of the Methodist church officiating.

Hon. J. A. Doke of Santa Fe, member of the school board from that district returned to his home yesterday, after a few days spent here in assisting Superintendent J. L. Kelley in school matters. Mr. Doke is very enthusiastic in all matters of public interest and is giving his time for the benefit of the school interests of the county.

J. P. Fowler, the lumber manufacturer of Lennon, was in the city yesterday. Mr. Fowler recently purchased a valuable lot on Alachua avenue and will erect thereon a handsome residence and move his family here. Mr. Fowler is the junior member of Fowler & Son, who are among the most successful lumber cutters in Lennon.

The United States land office force has been quite busy for the past two days. Among the visitors to the office were M. S. Bryan and W. H. Lewis of Fort Meade; D. W. Stokes, Chas. Montsdoca, William Montsdoca and Elias McClellan of Midland, Polk county, and Elias Wilson, J. S. Heithco and G. B. Fonts of Belmore, Clay county.

Justice R. A. Caswell of Alachua, Deputy Sheriff J. W. McCann and J. W. Harris of LaGrosse and S. F. Waits of Grove Park were in the city yesterday. Mr. McCann brought Daphney Wood, a colored woman, who was adjudged insane, and will be taken to the State Hospital for the Insane at Chattahoochee. The unfortunate woman is being held in prison here awaiting the arrival of an attendant.

There was a swell colored wedding at Mt. Pleasant M. E. Church Wednesday evening, the contracting parties being Chas. Duval and Sallie Trapp, two leaders of the colored 400 in this city. Quite a number of the white friends of the contracting parties, among whom were some of the most prominent in the city, were present to extend congratulations and wish the happy couple a life of uninterrupted connubial bliss. The church was handsomely decorated for the occasion with flowers and evergreens, and the bride, as well as her attendants, were handsomely attired.

F. P. Henderson of Arno was among the prominent visitors to this city yesterday. Mr. Henderson is one of the leading and most successful peach growers in the State, his crop the past season netting him a nice sum. He is also progressive, and is manifesting a great deal of interest in the Florida State Fair, which will be held in Tampa from November 15 to 30 of the present year. He believes that Alachua county, with all her diversified resources, should have the finest general exhibit of any county in the State, which will no doubt be the case, as the people everywhere are taking interest in the Fair already. Mr. Henderson and his good wife will donate their proportion to showing what Alachua county can do.

From Saturday's Daily Sun.

Clarence Camp of Ocala was registered at the Brown House yesterday.

W. L. Simonton of Micanopy was a business visitor to Gainesville yesterday.

R. W. Small of Hague was among those who paid Gainesville a visit yesterday.

PRYOR, TEXS., June 1, 1901.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: I have suffered several years from kidney and bladder trouble and have tried a number of preparations, but can truthfully say that nothing has proved so effective as your Texas Wonder, which I can truthfully recommend. GEO. W. CLAIBORNE

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. Box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

John Hague, Joseph M. Kite and George Dampier of Hague were among the visitors to the county capital yesterday.

J. H. Truby received Friday a telegram from Washington, announcing that his mother was not expected to live. It being impossible for him to leave at the time, Mrs. Truby left on the 2 p. m. train for that city.

Mr. and Mrs. George K. Broome sailed on the Clyde steamer Comanche from Jacksonville yesterday. The former goes to New York to purchase his fall goods, while Mrs. Broome will spend a few weeks in South Carolina.

Notice is hereby given that I will not be responsible for any debts contracted by my wife, Mrs. Annie E. Bailey, and persons crediting her or trading with her, do so at their own risk. JAMES S. BAILEY, Newberry, Fla., July 7th, 1905.

J. W. Drummond of Trenton, member of the firm of Drummond & Flowers, cross-tie contractors, was in the city yesterday and made The Sun an appreciated call, having his name enrolled upon the subscription list. As will be noted elsewhere, Mr. Drummond is desirous of employing a number of choppers, and will give good men steady employment on good pay.

O. W. Reagan of Ocala and H. L. Hayes of Hague, valued employes of the Hoopes Bros. & Darlington Company, manufacturers of vehicle spokes, hubs and rims, were among those registered at the Brown House yesterday. This firm is located in Ocala, but a great deal of material is secured from the forests of this county. They employ quite a number of men in the vicinity of Hague.

The University normal roll is being increased almost daily. Among the latest arrivals is M. M. Proveaux of Abbott, who entered the school yesterday. The faculty is well pleased with the progress being made, and feel sure that the term will prove one of the most profitable ever known in Florida. Among the students at the normal is Miss Hortense Broward of Jacksonville, sister of His Excellency Governor N. B. Broward.

R. B. Simmons of Fairbanks made The Sun a call yesterday and renewed his obligation.

F. C. Crown of Rocky Point was in the city yesterday. He called at The Sun office and renewed his subscription.

T. P. Maynard, one of the substantial citizens of Alachua, was in town yesterday and made The Sun an appreciated call.

H. A. Fisher and son, James, have returned from Campville, whey they have been engaged for the past few days in laying brick.

Miss Marion Smith and J. W. Bradley of Waccahoota were in the city yesterday and dined with their friend, Miss Eva Baukknight.

Justice J. W. Small of Hague, one of the most competent officials in the county, was among the visitors to Gainesville yesterday.

George Main of Rocky Point, F. M. Raney of Waccahoota and John Holley of Arredondo were among the visitors to Gainesville yesterday.

Among the visitors to Gainesville yesterday was Hon. W. M. Blitch of Santa Fe. Mr. Blitch is one of the most successful farmers in that section.

Emmett Johnson of Hawthorn was in town yesterday. Mr. Johnson states that the crops in his section promise good yields, and as a result the farmers are happy.

C. C. Worthington of Alachua, one of The Sun's old and valued subscribers, was in the city yesterday. Mr. Worthington is a successful builder and contractor as [illegible]

W. M. Campbell, W. A. Ferris, Furman Smith, E. G. Spencer and L. Baldwin of Alachua were among those who paid Gainesville a visit yesterday.

S. A. Thomas of Rochelle, one of The Sun's oldest and most valued subscribers, was in town Saturday and called and renewed his subscription.

J. C. Haile of Alachua, one of the most progressive and most widely known young men in that section, was transacting business in this city yesterday.

Rev. T. J. Nixon of Kavanaugh Methodist Church preached a very interesting sermon to the people of North Gainesville Friday evening. There was a good congregation and those who attended seemed well pleased.

D. L. Williams, who resides seven miles west of Gainesville, was in town yesterday and renewed his subscription to The Sun. Mr. Williams says he has considerable cotton open and that his crop is in very good condition.

Miss Susie Fisher left yesterday for Tampa, where she will remain for the next few days as the guest of her brother, Chas. Fisher. Mr. Fisher, who is a Gainesville boy, now holds a good position as a bricklayer in Tampa.

For Sale.—Lot 161x343, two dwellings, 250 bearing peach trees and variety other fruits, fine garden; nice location; splendid investment; only two blocks from square. Terms easy. A. J. Cone, Gainesville, Fla. d4w2.

Mr. and Mrs. S. J. Slaughter and daughter were in the city from Newnansville yesterday, having come on account of the arraignment of S. Slaughter, who is charged with the murder of Lou Sessions on Saturday, the 15th inst.

Capt. D. T. English of Tacoma was in the city yesterday and made this office an agreeable call. He reports Dolph Chamberlain, who was severely burned during the fire which destroyed his residence Wednesday night, as considerably improved.

F. J. Hammond of Hawthorn, one of the most widely known residents of that section, was in the city yesterday. Mrs. Hammond and daughter have gone to Asheville, N. C., where they will spend a few weeks, after which they will go to Northern New York. They will be joined in New York State by Mr. Hammond.

There were quite a number of Alachua and Newnansville people in this city yesterday, having been attracted here on account of the preliminary trial of S. Slaughter, charged with the murder of Lou Sessions. Some came as witnesses, while others were merely attracted on account of the interest in the case. Among these were James Love, James Holder, William Ferris and Arthur Sessions.

After a thorough and satisfactory examination as to his personal piety and his motives in seeking the ministry, Mr. Thomas Curry Merchant was received as a candidate by the Presbytery of Suwannee at its meeting in Jacksonville last Wednesday morning. This action places Mr. Merchant under the supervision and direction of the Presbytery during the course of his preparatory studies in college and the Theological Seminary.

Salesmen Wanted.—Three salesmen for our new County, Township and Railroad Survey of Florida. This survey is a splendid compilation of facts, figures and drawings and of wonderful value. Counties and towns fully indexed and population of each is given; railroads plainly shown and distances between all stations is shown; congressional districts outlined, numbered and population. Other features too numerous for mention. A splendid opportunity to energetic men. RAND, MCNALLY & CO., Chicago.

Will Not Leave Gainesville.

Editor Sun: I am informed that some of my friends are under the impression that I intend leaving this county and locating in Tampa.

This is evidently based upon the fact that Hon. Robert W. Davis, formerly Congressman of this district, has recently moved to the metropolis of South Florida, the error doubtless being one to similarity of name.

I have no intention of parting with the friends I have in this county, and just now I am too favorably impressed with the future of old Alachua to leave it.

KIRBY SMITH STILL LEADS THE CONTEST

Is 6,570 Votes Ahead of the Second Highest Competitor.

ODD FELLOWS' GAIN 38,560

The Library Contest Getting Down to But Few Competitors—Only Six Show Signs of Keeping in the Race. 56,796 Votes Cast The Past Week.

The sixth week of the Library contest has closed with the largest vote cast of any of the others, the total for the week being 56,796, the Odd Fellows' Home getting 35,000 in one bunch by the sale of a piece of land by the W. R. Thomas Company, which put the Home in second place.

At five different voting places Kirby Smith Chapter got over a thousand votes at each and by hard work retained the lead.

There has been a concentration of the efforts of vote-getters on but six of the contestants, the Elks only advanced two votes and the Woodmen of the World seven, while the others following this order did not gain a vote.

It has been deemed advisable, after this week, to drop the names of those who have not got a hundred to their credit after this week.

The total vote to date is:
